

IRON MATCHING PART WITH COUNTERSUNK HOLE

Iron matching parts are extremely useful if you don't want to use two paired magnets. This version with countersunk hole is extremely easy to fix with a screw.

All the measurements are in millimeters. Other sizes and shapes by request.

CODE	TYPE	D	H	HOLE (F)
RING.ZN0000.FS01.1533	IRON matching part for NS01.1533	15	3	3,2
RING.ZN0000.FS01.2033	IRON matching part for NS01.2033	20	3	3,2
