

SM22

We designed SM22 in order to offer the max protection for the magnet. In this way it is isolated from aggressive external agents (moisture, salt, water, acids...) and it's covered by a chrome case. This product is suitable in different conditions of use such as: industrial kitchens, office furniture, marine applications, shipbuilding, food products...

The strength of attraction is purely indicative and it could be different depending on the type of application and assembly.

CODE	D	H	THREAD M (F)	STRENGTH KG
SM22.35NI00.1985	19	8	M5X4	6
SM22.35NI00.2010	20	10	M3X5.5	8
SM22.35NI00.3010	30	10	M6X7	13
SM22.35NI00.3816	38	10	M6X5	34
SM22.35NI00.5020	50	20	M8X8	85

Max Temperature 60 °C. [Physical Magnet Data Sheet](#)

All the measurements are in millimeters. Other sizes and shapes on request.
